ALEAS Board Release

#2024-02

What is new?

ALEAS BOARD RELEASE #2024-02

Dear ALEAS Board user,

we are very excited to announce the first release for 2024! Our development team has worked hard in order to improve your user experience once again. Many of the new features and improvements are the result of feedback from our users – thank you very much for your ideas and contribution!

What's included in the new release:

added

- **Archive Boards:** Admins can move boards to the new archive section and restore them if needed.
- **Shift Agenda:** With just a few clicks you can shift the time frame of your Agenda IntelliFrames.
- **Redo:** In addition to the undo command, you can now redo your latest actions.
- **Copy Sticky Link:** You can now copy and share a direct link to any sticky.
- **Dashboard Sorting:** Sort your boards alphabetically or according to the last-modified date.
- **Mobile version:** ALEAS Board is now mobile-friendly! The most important features are available on your mobile phone.

improved

- **Connection Lines:** Spruce up your connection lines with our new line types and arrows.
- **Sticky Binding:** The powerful Sticky Binding feature has been implemented for all IntelliFrames.
- **New Shortcuts:** Simplify your day by using the shortcuts for undo, redo, duplicate and search.
- **IntelliFrame Color Picker:** A larger color palette is now available for all IntelliFrames.
- **Sprint & Masterplan IntelliFrame – Sprint Adjustment:** When changing the start date of the Sprint, the end date will adjust automatically according to the actual Sprint duration.
- **Pen Tool:** You can now copy and paste your drawings to the same or other boards.

For detailed information on all tools and features have a look at aleasboard.com.

As always we appreciate your ideas, suggestions and feedback!
You can contact us at support@aleas.li.

All the best,
the team at ALEAS

New Features

ALEAS BOARD RELEASE #2024-02

Archive Boards

The trash button in the bottom right corner of the board tile has been replaced with a new dual button, which allows you to choose between deleting the board or moving it to the Archive. Deleted boards are removed permanently. Archived boards are still accessible (read-only) and can be restored to the main dashboard by the Board Admin at any time.

Shift Agenda
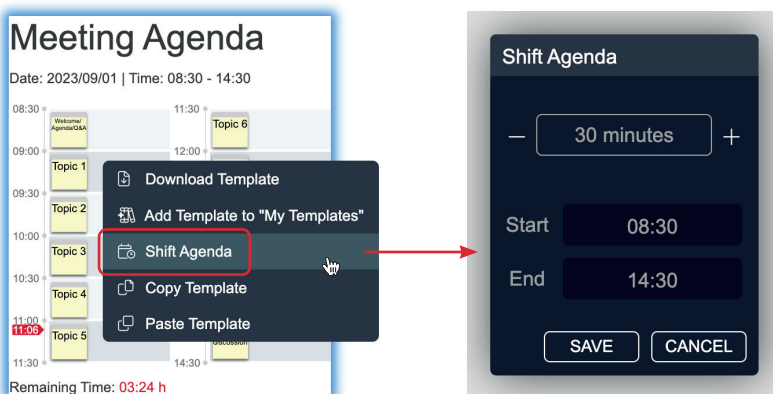

A new special feature allows you to shift the time frame of your Agenda IntelliFrame with just a few clicks. Activate the template mode and right-click on the agenda template, then select "Shift Agenda" in the context menu. A new window will open where you can change the time frame based on the current time increments. The start and end time will adapt automatically.
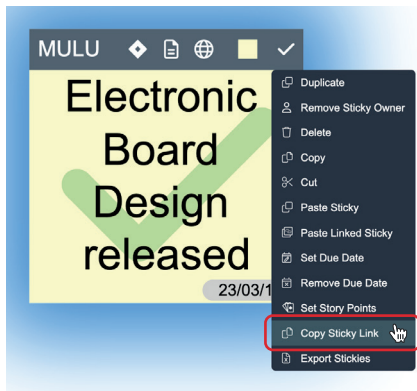

New Features

ALEAS BOARD RELEASE #2024-02

Redo command

In addition to the undo command, you can now redo changes using either the new button in the toolbar or the Shortcut CTRL + Y.

Copy Sticky Link

You can now extract a direct link for any sticky on your board. Right-click on the sticky and choose the option "Copy Sticky Link". If you paste that link into your browser's address bar you can jump directly to that sticky.

This feature is especially useful if you want to quickly share a deliverable with a teammate or save a sticky link in an external document.

Dashboard Sorting
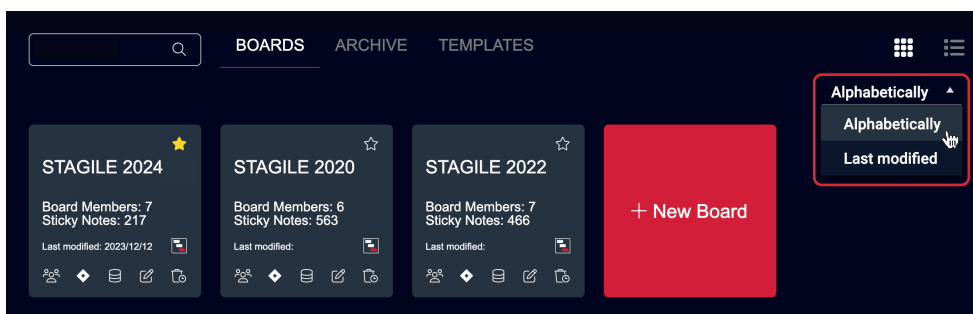

In your dashboard you can find a new sorting feature, that allows you to sort all your boards either alphabetically or according to the last-modified date.

New Features

ALEAS BOARD RELEASE #2024-02
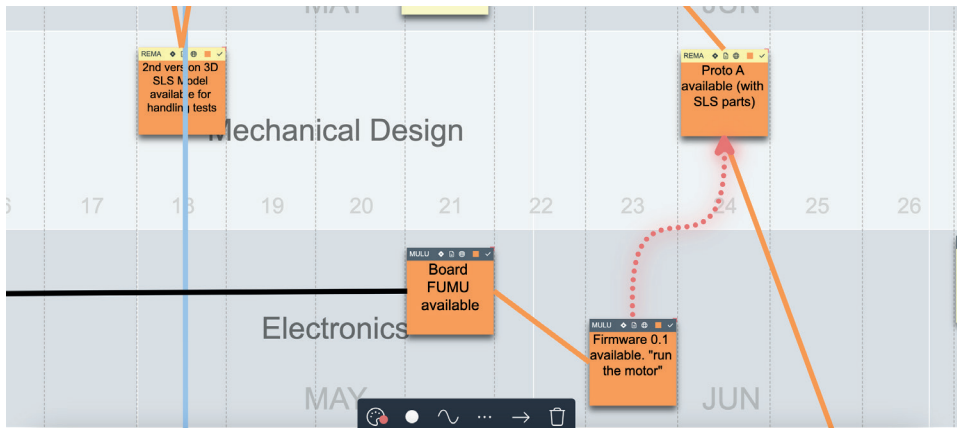

Mobile Version
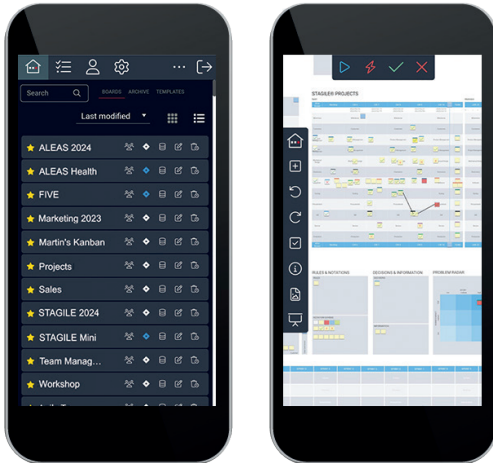

ALEAS Board is now mobile-friendly! You can access all your boards as well as your task list on your mobile phone and use some of the most important tools and features, such as Presentation Mode and the Template Upload. We recommend using Google Chrome or Microsoft Edge (Chromium).

Small Improvements

Connection Lines

Spruce up your connection lines with our extended Connection Line tool including:
- line color
- stroke width (light, medium, bold)
- line type (straight, orthogonal, curved)
- stroke type (solid, dashed, dotted)
- arrows (no arrows, arrows on both sides, left arrow, right arrow)

Sticky Binding

Our sticky binding feature is now available for all IntelliFrames, not only the Sprint & Masterplan but also the Spreadsheet and Agenda.

A red chevron in the top right corner of a sticky indicates that "Sticky Binding" has been activated. The sticky is anchored to the table cell on which the top right corner of the sticky is positioned.

New Shortcuts

Simplify your day by using shortcuts! We have implemented new shortcuts for:
- Undo (CTRL + Z)
- Redo (CTRL + Y)
- Duplicate (CTRL + D)
- Search (CTRL + F)

Small Improvements

ALEAS BOARD RELEASE #2024-02

IntelliFrame Color Picker

A larger color palette with additional color swatches is now available for all IntelliFrames.

Sprint & Masterplan IntelliFrame: Sprint Adjustment

Whenever you change the start date of your Sprint, the end date will adjust automatically according to the current Sprint duration.

Pen Tool: Copy & Paste drawings

You can now copy and paste your drawings to the same or other boards. Use the lasso tool to select the area you would like to duplicate, then copy and paste your drawing with the shortcuts CRTL + C and CTRL + V.

New Templates

ALEAS BOARD RELEASE #2024-02

We have added a variety of new templates to the Template Manager, which are available for all ALEAS Board users. Most of the new templates can be edited using the integrated Template Editor.

The new templates include for example:

Team Management Board

This simple Team Management Board has been tried and tested at ALEAS for some time now. The most important parameters for the team are clearly displayed. All topics are discussed in the weekly Team meeting.

Sales Funnel & Planner

The Sales Funnel template visualizes the journey potential customers go through on the way to a successful project start. The integrated Master-plan allows you to plan according to the actual timeline right from the beginning.

Stakeholder Analysis

The Stakeholder Analysis serves to clarify important dependencies. Possible groupings are: Customers, suppliers, partners, authorities, media, interest groups, departments, tangential projects, competitors, ...
